## QUEEN'S BATON RELAY

**Figure 5 : Queen's Baton**

The Queen's Baton Relay is one of the great traditions of the Commonwealth Games. Queen's Baton Relays have been the curtain raiser to every Commonwealth Games since 1958. The Queen's Baton Relay 2010 Delhi commenced when Her Majesty Queen Elizabeth II, Head of the Commonwealth, in the august presence of Smt. Pratibha Devisingh Patil, President of India and Dr. M.S. Gill, Minister of Youth Affairs and Sports entrusted the baton containing her message to the first Baton bearer at Buckingham Palace on 29 October, 2009. The baton will travel in excess of 190,000 kilometers over a 340 day period; this will make the Delhi 2010 Queen's Baton Relay one of the longest relays in the history of the Commonwealth Games. The baton will journey 170,000 kilometers for 240 days in the international sector, comprising 70 nations and territories of the Commonwealth. The Baton will enter India at the Wagah Border on 25th June, 2010. On its 100 day national tour, the baton will visit every Indian state and its capital, plus many other cities along the way, covering in excess of 20,000

kilometers. The relay will conclude with the final Baton bearer entering the Jawaharlal Nehru Stadium during the Opening Ceremony of the XIX Commonwealth Games on 3 October, 2010. The Queen's Baton 2010 Delhi is a fusion of hand crafted elements interplayed with a precision engineered body, ornamented with a free flowing inlay of a range of soils. The baton embodies a fusion of a diverse India and its contemporary avatars – an enterprising, young nation with many facets. Its technology features include the ability to capture images and sound as it travels through all nations of the Commonwealth; the latest global positioning system (GPS) technology; and light emitting diodes (LEDs) embedded on the baton which will change into the colours of a country's flag whilst in that country.
